

Nye's Apple Barn and Farms

2009 Apple Gift Box Order Forms

During the fall, we love to ship apples. Sending a gift box from the farm is a great idea for the holidays, as a hostess gift, for a student studying for final exams, or corporate gifts. We ship only our quality tree ripened, hand picked and hand packed apples. You can ship all apples that we grow including the Honey Crisp (see additional apples in the list below). Gift boxes can be available for pick-up or shipment within in the continental US.

Sorry, we are unable to ship Apple Gift Boxes to California or Arizona.

Harvest to Thanksgiving is the most successful time to ship apples from our farm - the apples are fresh from the trees and full of crunch and flavor. We usually start shipping the last week of September with early varieties and most other apples are available by October 1st.

In recent years we have had light crops on certain apples and were not able to fill orders that were placed in December. Please order early to ensure we have the variety of apple you desire. If you order early, we will reserve your apples to make sure your order is complete with quality apples for the date you request.

Two sizes of gift boxes are available: a single layer - 20 apples; or a double layer - 40 apples. **Honey Crisp apples have a different price as indicated below and cannot be packaged with another variety. Please ask for special pricing if wanting to send Honey Crisp with another variety.** We also have two different ways to pack the apples, pulp trays like we have in the past, or new foam packaging. There is a price difference as indicated in the pricing section below. We also have two different box types. One is white with red ribbon; the other is brown with leaf pattern. There is no price difference in the two types of boxes. If no specification is indicated, the classic white box with red ribbon will be assumed. Samples are available at the Apple Barn, or check out our website: www.nyesapplebarn.com. **We reserve the right to substitute similar apples if your chosen apple is no longer available.**

Apples are typically shipped on the Monday or Tuesday following receipt of your order unless otherwise requested. This is to prevent the apples from sitting in the shipping depot over the weekend.

Apples available to be shipped (may vary season to season for light crops);

Red Delicious, Golden Delicious, Gala, Jonathan, Empire, Mutsu (Crispin), Ida Red, Gala, MacIntosh, Rome, Cortland, Jonagold, Braeburn, Fuji, Winesap, Northern Spy and Honey Crisp.

Double Layer Honey Crisp.....	\$49.00	\$61.00
Double Layer 3 or more Varieties 22-24 LBS OF APPLES.....	\$22.00	\$34.00

Our prices have risen since last year. Four years ago we purchased a bulk amount of packaging and now we must order new quantities and prices have increased significantly. Our increase is due largely impart to the packaging increase. We still offer the same high quality hand picked, hand packed fruit at lower prices than many other farm markets.
